

PUBLIC DAILY LEDGER

SIXTH YEAR.

MAYSVILLE, KY., FRIDAY, NOVEMBER 12, 1897.

ONE CENT.

Circulation
LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a daily sale. No publisher can afford to give advertising "outlets" free any more than a merchant can give his counterpane free of cost to his customers. The columns are the stock in trade, and the advertiser is the customer. The publisher is the merchant, and the advertiser is the customer. The publisher is the merchant, and the advertiser is the customer.

We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-trap clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let take opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

Our \$2, \$2.50 and \$3 Custom-Made

SHOES!

That we warrant to give satisfaction and cheerfully return the money if they do not have quickly sprung into favor. Out of town mail orders—and of which we receive many—receive prompt attention. Look at our show-windows; none like them in the state.

The American Footballer Could Be Useful in a War With Spain.

Louisville Post.
The killed, wounded and missing on the football battlefield show what accomplished kickers the Americans are, and if war with Spain becomes a terrible reality, our football teams can soon bring it to an end by kicking the poor Spanish soldiers off of the face of the earth, unless the civilized Nations interfere on account of this cruel and inhuman mode of war.

HARPER'S "BOOK OF FACTS."

Valuable Book For the Library of the Busy Man or Woman.

THE LEDGER has lately received a copy of Harper's "Book of Facts," one of the most complete works of its class ever published.

It is to America what Haydn's "Dictionary of Dates" is to England, a complete compend of important historical events, a cyclopedia of facts to which one may turn when in want of ready information as to any important occurrence that has taken place in the world's history.

The Dictionary of Dates somewhat neglects the growth of the Western Hemisphere, and it was in view of this fact that the present great work was undertaken by its compiler, Mr. J. H. Wiley of Buffalo, N. Y.

For the man or woman who has no time to search for knowledge on any particular subject, the book is an invaluable one, arranged as it is so that any event can be found in a moment's time.

It deals in history, science, art and literature, so that in itself it is a complete encyclopaedia.

In short it is the book that should be in the hands of every busy man or woman who wants ready information.

is a mark of ownership which saves many a handkerchief. We call attention to our tasteful assortment of Initial Handkerchiefs for men, women and children. Children's sizes, 5c, 12c. Women's from 15c to 75c, all linen. Men's, 25c, 50c. Full days and fair, the handkerchief selling goes on—the lots that are here being irresistibly interesting. Our 5c handkerchiefs for children can't be excelled in quality and lightness.

AN UPHOLSTERY HINT. Autumn selling of Lace Curtains has been especially brisk. Usual result. Old pairs and two pairs of a pattern are left here and there and these oddments are choicest patterns, else their fellows would not have been so soon sold. Just such curtains are as tastefully best in the average home. Price clipped, though the goods are fresh and perfect. Nottingham Curtains \$1.25 instead of \$2.50 a pair, and \$1.75 instead of \$2.50. Renaissance Curtains \$2.75 instead of \$5.75, and \$3.75 instead of \$5.75.

PIRNS TRIMMINGS. We have sold double the amount of former seasons. Why? Because we never carried such a complete stock. Many styles and many colors. Velvets, silks, buttons. Wide and narrow braids, jets and fancy chiffons. Get your Dress Trimmings of us and get suited both as regards quality and price.

SOFA PILLOWS. You'd never guess how we manage to sell these beautiful silk, gold-embroidered Pillow Covers at 50c. It isn't the covers' fault. The man who isn't making money on them is glad the lot is small. You'll be sorry.

SATURDAY NIGHT.

TYCOON FLANNELS. In the pretty colorings you want for wrappers or children's wear or men's outing shirts or pajamas. The Tycoon washes and wears in that comforting way that pays for the trouble of making it up. It's worthy the home-dome sewing, too, and comes in pretty printed patterns. 10c. It has been and will be. For Saturday night only the price is cut to 6c. Plenty for everyone, no quantity limit. We regretted the gingham had to be limited, but when first orders went 25 and 30 yards we were forced to call a halt so that no one would be disappointed. We thought we had provided for every gingham need of Mayville with 2,000 yards, but our strongest counters soon courted us and our reckoning was short. Hence the 5 yard limit.

D. HUNT & SON.

are clothed, fed and have proper medical care at the expense of the taxpayers.

Notwithstanding these provisions for the care and comfort of the unfortunate, the City Council yearly votes away hundreds of dollars for the support of paupers throughout the city, some of whom claim to be too proud to enter the public institution, while others dictate to the city just where they shall live while the recipients of its bounty.

In the case of the county, the appropriations for outside pauper claims reach several thousands of dollars annually, and it is safe to say that in a majority of instances the Magistrate vote upon these allowances without any sort of knowledge as to the application of the funds.

At the term of the Fiscal Court just closed claims of this character were allowed to the amount of some \$2,500, and in the last hour of the session SENATOR WILLIAM H. HOOK stated that he was opposed to the indiscriminate voting of money to outside paupers, and upon his motion it was unanimously ordered that hereafter no more pauper claims be allowed by the Fiscal Court to parties outside the Infirmary, and that no Magistrate shall give orders to paupers for supplies, but that all such matters shall be referred to the County Judge.

This is a move in the right direction, and if adhered to and followed out will save the taxpayers large sums annually.

It has been suggested, when some of these claims were allowed, that the city and county could support their paupers outside the City Almshouse and County Infirmary more cheaply than could be done inside of those institutions.

If this be true, why not abolish both the City Almshouse and County Infirmary and support all the paupers by appropriating direct to them at their respective homes?

1899—Reverend—\$100.

The reader of this paper will be pleased to learn that there is at least one devoted disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer a refund of the money if it fails to cure. Sold for \$1.00 (bottle), 50 cents (bottle), 25 cents (bottle). Hall's Catarrh Cure is the best.

LOUISVILLE, Ky., Nov. 12.—The passenger train on the Louisville and Henderson & St. Louis road which left St. Louis Wednesday evening and which was due in this city at 7:30 o'clock Thursday morning, was derailed and entirely consumed by fire at a o'clock Thursday morning near Louisville, Ky., 25 miles from Louisville. No lives were lost, and so far as is known, no one was seriously injured.

The accident is attributed to a freak of the high wind Wednesday night which overturned a box car standing on the Lewisport siding. CUBAN FIELDS

Covered by the Dead Bodies of
People Who Have Starved.

Estimated That 150,000 Persons
Have Died of Hunger on the Island.

People Take Their Own Lives While
Suffering From the Want of Food—
Many Die in the Streets and Roads
and Thus Perish Miserably.

NEW YORK, Nov. 12.—The Sun correspondent to Cuba writes his paper under date of November 8 that up to that time 150,000 persons had died of hunger in Cuba. This statement is based on reports received from all over the island, and he claims it is no more exaggerated.

He gives quotations from the press describing the pitiable condition all over the island. They tell of large families decimated by famine and of people taking their own lives while suffering from the pangs of hunger. People drop in the streets and roads and perish miserably. Children have been the greatest sufferers.

In the town of Santa Domingo, Santa Clara province, an average of 50 persons are dying every day. The town originally had only a population of 4,000. Most of the dead there remain unburied, the bodies being thrown out in the open country.

The change from Weyler to Blanco has as yet brought no relief, and it probably will bring none, as Gen. Blanco, however praiseworthy his intentions, has no means of remedying the desperate condition of things that Weyler left on the island.

THEODORE DURRANT

Unwarranted Assaults at the Eleventh
Hour by the Supreme Court of California.
San Francisco, Cal., Nov. 12.—William Henry Theodore Durrant will not be hanged at San Quentin Friday after all, the supreme court of this state having granted him another reprieve at the eleventh hour. Up to four o'clock Thursday afternoon when the news flashed over this city that the supreme court had granted him another reprieve, it was generally supposed that the court now in session there had granted a writ of habeas corpus and instructed Warden Henry to grant him the execution of Durrant until further orders. There was apparently no further hope of the intended murder of Ilanthe Lamont and Mimi Williams, his wife, attorneys, Messrs. Dickinson and Boardman had made a futile effort to secure another writ of habeas corpus in the United States court and had not even been granted permission to appeal from that decision to the supreme court of the United States.

Meanwhile, however, Attorney Durrant hastened to Sacramento and applied to the supreme court for a writ of habeas corpus, for the purpose of staying the proceedings against his client upon the grounds that no writ of habeas corpus could be granted by the supreme court of the United States until the supreme court of the state of California had acted to set aside its sentence. Durrant to be hanged Friday, as the law requires, that he be hanged at least 90 days later; and thirdly, that the pendency of an appeal in the supreme court affecting the condemned was of itself sufficient cause to stay the execution. The matter was partially argued in chambers and later argued before the full court and taken under advisement. Shortly thereafter the court announced its decision, granting the writ applied for, in which all the justices concurred.

ANOTHER CAMPAIGN!

The Fall and Winter Work of Maysville Y. M. C. A.

SOME NEEDS OF THE SOCIETY.

The election is over, but the good work of our local Young Men's Christian Association, for the promotion of the social, physical, intellectual, moral and religious welfare of our young men, is just beginning in earnest, and we take pleasure in presenting to our readers a brief outline of the many excellent advantages which have been provided by the Directors and Committees for the benefit and pleasure of members and other young men of the city.

In addition to the various lines of work in the various Departments, which were so successfully maintained last year and will be continued during this second season, several new and valuable features are to be added, and no pains will be spared by the management in its efforts to make the local Association attractive and helpful to all who visit the rooms and make use of the privileges.

PHYSICAL DEPARTMENT

Portions of the gymnasium hall ceiling, from which the plaster had fallen, are now neatly sealed over, the gymnasium apparatus and bathing appliances have been thoroughly overhauled, a new punching bag provided, and everything in this department is now in first-class condition.

THE GYMNASIUM IS NOT INTENDED AS A

camping place as some are disposed to treat it, but rather is established to give men—young and old, engaged in the busy vocations of life, or who spend much of their time in the schoolroom—an opportunity for a rational, health-giving and systematic course of physical exercises under proper and intelligent instruction.

The Roberts platform, which requires that "All exercises shall be safe, short, easy, beneficial and pleasing," will be adhered to in the local gymnasium work. Experience clearly proves that heavy and fancy gymnastics generally result in

more harm than good, and such will therefore be discouraged.

Regular classes have been arranged to accommodate the members as far as possible, and will be conducted as follows: For business men, Tuesday and Friday afternoons at 4 o'clock.

For young men, Tuesday and Friday evenings at 7 o'clock.

For Junior boys, Wednesday at 4 p. m., Saturday at 3 p. m.

Naturally the recreative element will form a prominent part of all class exercises, and as a special feature the popular game of Basket Ball will be introduced oftentimes at close of regular drills, and if desired matches may be arranged for Monday evenings.

It is necessary to restrict the attendance at the gymnasium during the regular class hours to those who participate in the drills; but when sufficient progress has been made by class members an occasional public session will be announced to which interested visitors will be invited.

By the above arrangement of classes, &c., ample time and opportunity for individual exercise is afforded the members every day and on three full evenings.

Two of our local physicians have again kindly volunteered their assistance which will make it possible for any member to enjoy the decided advantages of a medical examination free of charge.

No one privilege of the Association is better appreciated and more generally used than the bathing facilities, consisting of one porcelain tub and two fine showers. The baths will be open every week day from 10 a. m. to 9:30 p. m.

SOCIAL DEPARTMENT

The social life of the Association will be promoted in every legitimate way.

A cheerful reception room, supplied with many excellent games, and a cozy parlor, with piano, are always at the disposal of members and invited guests who wish to spend a pleasant hour or more in the enjoyment of games, music and social conversation.

With the kind assistance of the Women's Committee, whose faithful work last season in this and other lines proved so indispensable, occasional social gatherings and musicals will be arranged for members and friends; and that these events will prove enjoyable and well worth attending is guaranteed by the co-operation of the ladies and the great success which has characterized every reception given thus far.

INTELLECTUAL DEPARTMENT

The reading room, with its excellent assortment of literature adapted to the tastes of all patrons, will continue to be one of the most attractive features of the local organization.

Nearly fifty standard publications are now provided, the various papers being arranged on exceptionally neat files and racks and the magazines on a large oak center-table.

The correspondence desk is also in the reading room, the privileges of which are always gladly extended to young men, whether members or not.

About forty books form the nucleus of a library which it is hoped will be greatly enlarged sometime during the winter by means of a "Book Reception." Either cash donations or good books for the library will be gratefully received.

The Educational Committee has made arrangements for evening classes and competent instruction in the following practical branches:

- Penmanship—Teacher, Prof. H. E. Gabby.
- Bookkeeping—Teacher, Prof. W. T. Berry.
- Vocal Music—Teacher, Dr. P. G. Smoot.
- Stenography—Teacher, Miss Beesie Johnson.

Full information regarding these classes will be cheerfully given at the office, and all those who desire the advantages of one or more of the above courses of study are requested to make application at once so that the work may begin not later than December first.

A small fee will be charged to help cover necessary expenses.

Several members have expressed a desire for the formation of a society which would afford opportunities for debate and parliamentary practice, for investigation of public questions and for instruction as to laws and methods by which they may be changed.

Special inducements to cash-buying members.

which we are governed. Accordingly, the "Young Men's Congress," which combines many new and desirable features together with the advantages of the ordinary literary society, has been suggested; and if the interest is sufficient to warrant such a move, steps will be taken to organize a local Congress in December.

RELIGIOUS DEPARTMENT

The object of the Y. M. C. A. is to save and develop young men, and recognizing the fact that man is a compound being, made up of physical, mental and spiritual elements, and that in the broadest sense his salvation is attained only by a symmetrical development of the different parts of his nature in their mutual relations, the Association has made use of a variety of agencies to accomplish this all-round development of true manhood; but while so doing chief emphasis is always laid upon the spiritual side of the work, which from the very beginning of Association history has been considered of first importance—the essential and crowning feature of the organization.

The Men's Gospel Rally, which has certainly been the most attractive and helpful feature of our local work, will be maintained as heretofore every Sunday afternoon from 8 to 4 o'clock.

While the program of this service is varied, it generally includes a short address on some practical theme by a good local or visiting speaker, or brief talks by several members, hearty congregational singing and oftentimes special music. The present series of "Loyalty" talks, given by Pastors and laymen, are proving especially helpful.

A cordial invitation to attend this Rally is extended to all men, whether members or not.

Study of the Bible, which is so sadly neglected by our young men, will be promoted in part by means of the Bible Training Class, the sessions of which are held every Thursday evening from 8:15 to 9 o'clock. The course of study is intended chiefly to give members of the class such a practical knowledge of the Bible as will better enable them to understand and use its truths in their daily contact with fellowmen.

All interested men are invited to join this class, and during the coming week (Nov. 14th-20th), which is a season set apart and observed by Young Men's Christian Associations throughout the world as a special Week of Prayer and effort on behalf of young men, the local Association has planned to conduct Evangelistic service for men in the rooms every night, except Saturday, at 8 o'clock. Five excellent speakers from surrounding towns and cities have been secured, and the full program will be announced later in these columns.

BOY'S WORK

"The young men of tomorrow"—our boys of today—will not be neglected in the plans of the Association. Junior members will be allowed to use the privileges on Wednesday from 4 to 6 p. m. and on Saturday from 1 to 4 p. m.

Gymnasium classes will be conducted on those afternoons for the boys at 4 and 5 o'clock respectively. Five monthly gatherings for social and other purposes will be arranged, and a half hour's Boy's Gospel Rally is to be held on the first and third Sundays of each month. Annual membership in this department costs \$3, and is open to boys between 10 and 15.

GENERAL

Visitors will always be cordially welcomed. The Association officials will endeavor at all times to give strangers or other young men of the city information in regard to good boarding houses, &c. Letters of introduction are willingly furnished to members and other men leaving the city, and when desired membership tickets will be transferred to other associations.

Young men in sickness will be visited and sympathy and help extended as far as possible.

MEMBERSHIP

Any man of good character, regardless of his religious belief, may join the Association by making application at the office or through some member, and paying the annual dues, \$5. Members are entitled to all general privileges outlined above, excepting that a nominal entrance fee is required of those joining educational classes.

As special privileges, a limited number of dressing cases may be rented for a small sum, and for the convenience of those who do not care to bring their own towels, the Association provides towel service at the cost of laundry. Private gymnasium door keys are loaned to members for a small deposit.

Beyond the membership fee and a small expense at the outset for proper clothing

and shoes, no gymnasium member is actually obliged to spend a cent.

CO-OPERATION

The young men of the city should certainly manifest their appreciation of the many good things provided for them in this institution, by taking out a membership ticket at once, and helping in every way possible to make the local work successful.

Every member whose dues are now payable is urged to renew promptly.

The co-operation of the business men and ladies of the city is also needed. Because of the small charge for membership, the Association cannot be made self-sustaining, nor would it be best for it to be, and financial assistance is therefore necessary and will always be thankfully received.

The young men are a most important factor for good or evil in the community, and certainly no better investment of funds could be made by any man or woman than that which assists in maintaining the rooms or building of a Y. M. C. A.; where splendid work here and elsewhere for the elevation of manhood is deserving of the highest commendation and substantial support of citizens.

The local Association is now well into its second fiscal year, and the fall work is just opening. Up to this time two thirds of the subscriptions needed this second year have been pledged and more than half paid in by business men and other friends, thus evidencing the confidence of the citizens in the management and their appreciation of the good work already accomplished, and also assuring the financial success of another year. However, there are still others whose help will be needed to make up the required balance.

Let old Maysville do her best for the young men and this noble institution, and then perhaps in the near future some generous-hearted citizen, recognizing the importance and value of the Y. M. C. A. work in our community, will be led to give a round sum to start a building movement, which in due time may result in the erection of a beautiful home for young men which shall stand as a safeguard from the perils and temptations that beset them on every hand, and as a monument to the generosity of public spirited men and women.
